Messina, Italy

Professional Experience

Golang Backend Developer

Lavina Tech LLC

Jun 2023 – present
Tashkent, Uzbekistan

- Actively participated to the development of a comprehensive CRM system for a fast-food restaurant, involving 7 projects (admin panel, website, kitchen, courier, client app, cashier desktop, warehouse) utilizing a microservices-based monorepo architecture.
- I increased test coverage in warehouse_service by 75% (from 10% to 85%)
- Decreased the response time of the products list in admin panel from 7s to under 500ms by removing for loop and using **SQL JOINS**.
- I automated the expiration of discounts with **cronjob**, eliminating the need for manual admin intervention in the admin panel.

Software Developer

Freelancer

Feb 2023 – Jun 2023
Tashkent, Uzbekistan

- I developed a backend for a startup "Ibron" which provides a platform for booking football stadiums and places for tabletennis.
- I participated in development of admin panel of education center "uacademy".

Education and Training

Bachelor Degree

The University of Messina

Data analysis and AI

Sep 2023 – present
Messina, Italy

Golang Bootcamp Courses

Ucademy

Dec 2022 – May 2023
Tashkent, Uzbekistan

This Golang Bootcamp Course equipped me with the knowledge and practical skills necessary to work with Go programming language effectively. These skills in concurrency, RESTful API development, gRPC microservices, Kafka, Docker, PostgreSQL, PGXPOOL, and Redis have strengthened my abilities as a developer.

Foundation Course of Programming

Najot Ta'lim

Jun 2022 – Oct 2023
Tashkent, Uzbekistan

This course provided me with a strong foundational knowledge of various programming languages, including C, Python, and MySQL. Through hands-on learning and practical exercises, I gained essential skills in these programming languages, allowing me to develop and implement functions, algorithms, and data structures.

Languages

English
IELTS 6

Russian
